Stay classic this season with the new Superstar Athletic Shoe from adidas! Lace up the classic style and signature comfort of the Superstar Athletic Shoe, superstar adidas womens sporting durable leather uppers with iconic rubber shell toe, and signature adidas side stripes.

The adidas Superstar sneaker reigns supreme. The fan favorite launched in 1969 and quickly lived up to its name as NBA players laced into the now-famous shell-toe design. adidas superstar original These men's shoes come in full grain leather with serrated 3-Stripes and a rubber cupsole.

Basketball's first all-leather low top continues to ride in high style. adidas superstar mens These women's shoes add some glam to the iconic adidas Superstar design with a metal shell toe that shows off a luxe matte finish.

The Superstar shoe has become part of popular youth fashion culture and are now worn regularly as casual footwear, rather than for sports. adidas superstar gold The Superstars, like the Converse Chuck Taylor All-Stars, easily made the transition from the basketball court to street as it was sported by hip-hop aficionados. In the early 1980s, 'b-boys' wore the shoes with extra thick laces called "fat laces", usually matching the color of the laces with the color of the three stripes on their shoe.
